

Quick Start Guide

Step 1 Create a knowledge base

Step 2 Import PDF / Markdown documents

- PDF files are OCR-parsed immediately after upload
- Progress is shown in the document list

Step 3 Adjust generation config in the bottom bar

Step 4 Ask questions with @knowledge-base in Assistant

FAQ

Q: What if parsing fails? A: Right-click the document and retry.

Q: How to switch the parsing engine? A: Settings -> Document Parsing.
